		STUDY MODULE D	ESCRIPTION FORM		
	of the module/subject		Code 1010315421010315651		
Field of study			Profile of study	Year /Semester	
Power Engineering			(general academic, practical) (brak)	1/2	
Elective path/specialty			Subject offered in: Polish	Course (compulsory, elective) obligatory	
Cycle c	f study:		Form of study (full-time,part-time)		
Second-cycle studies			part-time		
No. of h	nours			No. of credits	
Lectu	re: 8 Classe:	s: Laboratory:	Project/seminars:	- 1	
Status		program (Basic, major, other)		(university-wide, from another field)	
F-14		(brak)		(brak)	
Educat	on areas and fields of sci	ence and art		ECTS distribution (number and %)	
ema tel. Ele ul. l	nż. Jerzy Andruszkiewa il: jerzy.andruszkiewa ili. jerzy.andr	oznań s of knowledge, skills and Basic knowledge of electricity, p technology, transmission and die	ower systems, telecommunicat stribution of electricity, power m	ions and information narkets and electric power	
2	Skills	management, the information technology in power systems and security of power supply. Ability to assess the impact of the implementation of the processes analysed in the field of power into the society. Ability of effective self-education in the chosen field of study.			
3	Social competencies	Is aware of the need to broaden his competences, presents willingness to work together within a team, aspires to improve the efficiency of process performance, focusing on sustainable development of processes applied in the energy field.			
Assu	ımptions and obj	ectives of the course:			
strateo regula	gy of development of e tions in force in the are	is and schemes in the field of ener energy generation, transmission ar eas of the energy market and the o and the environment for energy su	nd sales in the European Union development of renewable ener	. Presenting the basic	
	Study outco	mes and reference to the	educational results for	a field of study	
Knov	vledge:				
		legal and organizational structure he safe and efficient delivery of po			
		existing and planned processes in y development focusing on sustair		heir compliance with the	
Skills		, 11. J. op			
1. Stud		the bibliography to track changes	and legislation governing the a	ctivities of power supply	
	-	the impact of existing and propose	ed regulations on the activities	of power supply companies -	

[K_U12++]

Social competencies:

1. Student is aware of the importance and effects of power supply industry influence on society and of necessity of joint action to be undertaken in the country and the continent scale to achieve optimal development of the energy sector. - [K_K01++]

Assessment methods of study outcomes

Faculty of Electrical Engineering

Lectures:

- evaluation of the knowledge and skills demonstrated in written tests concerning issues discussed,
- evaluation of the activity and quality of perception.

Classes

- results of test favoring the utilization of the acquired knowledge to solve problems in the area of the subject.

Course description

EU strategy in the field of energy development and the resulting legislation for Member States. The organization of power supplies in Poland. Acts regulating the activity of power supply companies in Poland. Legal regulations concerning the development of the electricity market and cross-border exchanges. Regulations concerning the use of the space and the environment for power supply purposes. Legal regulations on energy efficiency. The regulation on the development of renewable energy sources.

Basic bibliography:

- 1. Prawo energetyczne. Komentarz Swora Mariusz, Muras Zdzisław. Wydawca: Wolters Kluwer Polska Sp. z o.o. Rok wydania: 2010. ISBN: 9788326405983.
- 2. Prawo energetyczne z aktami wykonawczymi. Roman Staszewski, Antoni Tajduś, Wydawnictwo AGH, 2009.
- 3. Jednolity rynek energii elektrycznej w Unii Europejskiej w kontekście bezpieczeństwa energetycznego Polski. Agnieszka Pach-Gurgul, Difin 2012, ISBN: 978-83-7641-717-2.

Additional bibliography:

- Energetyka a społeczeństwo: aspekty socjologiczne. Zbigniew Łucki, Władysław Misiak. Wydawnictwo Naukowe PWN 2010.
- 2. Polityki Unii Europejskiej : polityki sektorów infrastrukturalnych : aspekty prawne. Jurkowska-Gomułka A. (red.) Warszawa 2010.
- 3. Bezpieczeństwo energetyczne Unii Europejskiej. Kaczmarski M. Warszawa 2010.

Result of average student's workload

Activity	Time (working hours)
1. Participation in lectures	8
2. Preparation for the exam	11
3. Participating in consultations on the lecture	2

Student's workload

Source of workload	hours	ECTS
Total workload	21	1
Contact hours	10	1
