ul. J. Rychlewskiego 2, 60-965 Poznań

Prerequisites

The student has basic knowledge on the branches of law obtained in the first-cycle studies; applies basic legal concepts to analyze and understand legal phenomena; is aware of the role of law in shaping social structures and institutions.

Course objective

Acquiring knowledge and skills essential for conducting business activity.

Course-related learning outcomes

Knowledge

The student has in-depth knowledge on legal norms, their sources, changes and ways of influencing organizations, with particular emphasis on commercial law [P7S_WG_01],

- is able to characterize the organizational and legal forms of running businesses [P7S_WG_01],
- knows the rules of establishing and conducting various forms of economic activity; has knowledge on relationships between legal and management aspects resulting from it [P7S_WG_08].

Skills

The student applies the basic concepts of civil law [P7S_UW_06],

- has the ability to understand and analyze social phenomena from the point of view of applicable law [P7S_UW_07],
- applies legal provisions to business practice; applies legal norms to specific problems and puts forward the relevant proposals to solve them [P7S_UW_01],
- can identify and exploit the opportunities to expand their knowledge relevant in solving legal problems [P7S_UU_01]

Social competences

The student is aware of the importance of professional behavior and compliance with professional ethics in business transactions [P7S_KR_01],

- knowingly applies various legal institutions [P7S_KR_01] .

Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows:

Formative assessment: discussions summarizing particular lectures and tutorials, solving legal problems during the classes that offers the opportunity to assess the student's understanding of the issues raised.

Summative assesment: the knowledge acquired in tutorials is verified in a written test carried out in the last class. The knowledge acquired in lectures is verified in an exam. The exam has a written form and consists of open and multiple-choice questions.

Programme content

Lectures:

Economic activity - the concept, rules for establishing and running economic activity. The concept of an entrepreneur and a consumer. Organisational and legal forms of entrepreneurs. Self-employment. Civil law partnership. Commercial partnerships and capital companies. Procuration. National Court Register.

Tutorials:

Performing legal actions: their forms, consequences of the non-observance of the forms' requirements, defects in the declaration of intent, conclusion of a contract. Proprietary rights: Pledge. Compensatory liability (tort nad contractual liability). Creditor protection in case of debtor's insolvency. (Paulian Action).

Teaching methods

informative, problem-based, conversational lecture using a multimedia presentation

case studies, panel discussion
