

COURSE DESCRIPTION CARD - SYLLABUS

Course name

Finances

Course

Field of study

Engineering Management

Area of study (specialization)

Level of study

First-cycle studies

Form of study

part-time

Year/Semester

1/2

Profile of study

general academic

Course offered in

Polish

Requirements

compulsory

Number of hours

Lecture

16

Laboratory classes

Other (e.g. online)

Tutorials

14

Projects/seminars

Number of credit points

5

Lecturers

Responsible for the course/lecturer:

Prof. Teresa Łuczka, Ph.D., D.Sc.,

Mail to: teresa.luczka@put.poznan.pl

Faculty of Engineering Management

ul. J. Rychlewskiego 2, 60-965 Poznań

Responsible for the course/lecturer:

Ph.D., Joanna Małecka

Mail to: joanna.malecka@put.poznan.pl

Phone: 61 665 33 94

Faculty of Engineering Management

ul. J. Rychlewskiego 2, 60-965 Poznań

Prerequisites

The student knows the basic concepts of economics and finance. Has general knowledge about the functioning of the economy and its management.

The student has the skills to perceive, associate and interpret phenomena occurring in the economy.

The student is able to form independent assessments in the field of socio-economic policy, as well as argue his position and defend his opinions.

Course objective

Understanding the basic mechanisms of the functioning of the financial system in the national economy

and its impact on financial decisions taken by individual business entities. Developing students' skills in solving problems arising in the selection of the source of financing.

Course-related learning outcomes

Knowledge

The Student has structured and theoretically well-founded knowledge in the field of fundamental economic issues and the functioning of the modern market economy [P6S_WG_03],

- has knowledge on the organisational structures, their evolution, the processes of shaping and changes in the economy [P6S_WG_04],
- has basic knowledge on types and business network relationships in Poland and abroad , including European Union [P6S_WG_05],
- has basic knowledge on the nature of management sciences and their place and relationships with contextual and ergological sciences[P6S_WG_11].

Skills

The student analyses the solutions put forward to specific management problems and suggests appropriate solutions in this regard [P6S_UW_04],

- can correctly interpret social phenomena: cultural, political, legal and economic in the field of management [P6S_UW_06],
- properly analyses the causes and course of specific social processes and phenomena: cultural, political, legal, economic in the field of management [P6S_UW_07],
- can identify the need and use the possible options for continuous training (second and third cycle studies, postgraduate studies, courses) - improving professional, personal and social competences[P6S_UU_01].

Social competences

The student is able to see the cause-and-effect relationships in the implementation of the goals set and rank the importance of alternative or competitive tasks [P6S_KK_02],

- is able to make a substantive contribution to the development of social projects, taking into account legal, economic and organizational aspects [P6S_KO_01].

Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows:

LECTURE: formative assessments: activity in discussions summarizing individual lectures giving the student the opportunity to assess the understanding of the problem; summative assessment: written exam (e.g. in the form of Moodle test or traditional).

TUTORIALS: Formative assessment: current activity during classes and participation in the discussion; tickets with 10 questions; written assignments based on given books, articles or movies; preparing a financial report on a given topic and delivering it during classes; case-study tasks; colloquium consisting

of 26 questions including a minimum of three tasks to calculate). Summative assessment: arithmetic average of formative grades with rounding conditions given and placed on the MODDLE platform - it is not possible to get a pass without writing a colloquium for a positive grade (min. 55% of points)

Programme content

1. The essence and definitions of finance (Definitions of finance, Functions of finance, Classifications of financial phenomena, Finance entities in the economy)
