Wydział Inżynierii Lądowej i Transportu

ul. Piotrowo 3, 60-965 Pozna

Prerequisites

Knowledge: Student has a basic knowledge of the principles of transportation law.

Skills: Student is able to integrate the obtained information, make their interpretation, draw conclusions, formulate and justify the opinions of the ability to see, connect and interpret phenomena.

Social competencies: Student knows economical, legal aspect etc. activities of transport companies

Course objective

Providing students with general knowledge on the legal system and branches of law, with particular emphasis on commercial law, responsibility for the entrusted loads etc.

Course-related learning outcomes

Knowledge

Student knows the economic, legal and other conditions of the activities of transport companies.

Student has basic knowledge of management / running a business and individual entrepreneurship.

Skills

Student is able to obtain information from literature, databases and other sources (in Polish and English), integrate them, interpret and critically evaluate them, draw conclusions and formulate and exhaustively justify opinions.

Student is able - when formulating and solving engineering tasks - to integrate knowledge from various areas of transport (and, if necessary, also knowledge from other scientific disciplines) and apply a systemic approach, also taking into account non-technical aspects.

Social competences

Student is aware of the need to develop professional achievements and comply with the rules of professional ethics.

Methods for verifying learning outcomes and assessment criteria

Learning outcomes presented above are verified as follows:

Assessment of the student activity during lectures and a test of choice (to 10 questions, min. 50%).

Programme content

Employment of drivers in transportation company, the minimum hourly wage in transportation company e.g.: Poland, Germany, Austria, France; liability in respect of cargo, Convention on the Contract for the International Carriage of Goods by Road (CMR) vs. prawo przewozowe (european vs. polish law).

Teaching methods

Lecturing with multimedia presentation.
