**Announcement for students returning from China, South Korea, Italy, Iran, Japan, Thailand,
Vietnam, Singapore and Taiwan who stayed in these countries in February 2020
as well as foreign exchange students, Erasmus+ students and full-degree students
coming from these countries**

Dear Students,

concerning the epidemiological situation caused by Covid-19 coronavirus (so-called "Virus from Wuhan") for the sake of your safety and well-being, this is to inform you that those of you who stayed in the above-mentioned countries within last month are dismissed from participation in classes and other university activities held at Poznan University of Technology for two weeks from the date of your arrival to Poland.

Your absence will be excused on the basis of a travel document confirming your arrival to Poland.

Throughout that time, please take care of your health and monitor its condition. In case of suspected infection, please call sanitary and epidemiological institutions or report yourself to the Infectious Diseases Department of Józef Struś Municipal Hospital in Poznan.

I ask you all for a balanced approach to your own and others' security and health issues and I also encourage you to familiarize with current announcements issued by the Polish Chief Sanitary Inspectorate at: <https://gis.gov.pl/aktualnosci/komunikat-dla-podrozujacych-nr-33-warszawa-26-lutego-2020-r-opracowano-na-podstawie-danych-ecdc-oraz-who/>
